### State and Federal Tax Law changes for 2019 and Beyond Page 7

#### Federal Law changes finalized by Congress .

Key changes to tax laws some good some bad some the same.

1) Standard deductions (Good but most can't itemized any more)

Those who are married and filing jointly will have an increased standard deduction of \$24,400, up from the \$24,000.

Single taxpayers and those who are married and file separately now have a \$12,200 standard deduction, up from the \$12,000.

For heads of households, the deduction will be \$18,350, up from \$18,000.

2) Personal exemption (Bad but see one above)

The personal exemption has been eliminated with the tax reform bill.

3) Child tax credit (Good isn't limited by income)

The child tax credit has remained at \$2,000 per qualifying child, those who are under 17, up from \$1,000 in 2017. A \$500 credit is available for dependents who do not get the \$2,000 credit.

4) Mortgage interest (pretty much the same)

The deduction for interest is capped at \$750,000 for mortgage loan balances taken out after Dec. 15 of last year. The limit is still \$1 million for mortgages that were established prior to Dec. 15, 2017.

5) State and local taxes (bad this include your state and local withholdings)

The itemized deduction is limited to \$10,000 for both income and property taxes paid during the year.

6) Contribution limits for retirement savings (pretty much the same)

Employees who participate in certain retirement plans – 401(k), 403(b) and most 457 plans, and the Thrift Savings Plan – can now contribute as much as \$19,000 this year, a \$500 increase from the \$18,500 limit for 2018.

7) Top income tax rate(Good lower tax rates for all)

A new 37 percent top rate will affect individuals with incomes of \$500,000 and higher. The top rate kicks in for married taxpayers who file jointly at \$600,000 and up. The new tax law also includes changes to other tax brackets.

### Fall out of the Trump Tax bill, some costly and some good.

Personal exemptions are eliminated. The individual alternative minimum tax will be repealed. The only itemized deductions will be for Mortgage interest and charitable deductions. All other itemized deductions, state and local property taxes, state withholding taxes, moving expenses, tax preparation fees, attorney fees, brokerage fees, employee expenses all will be eliminated or limited. No penalty if you don't have Health Insurance this penalty has gone away in 2019. The tax rates were all lower for the next few years. They are not permanent like the tax cuts for corporations. New for 2020 Individual Coverage Health Reimbursement Arrangement (ICHRAs) are back, and is available for businesses of all sizes. Reimbursements free of income tax and payroll taxes. Employees can roll over excess funds year to year with no limit. Must have health insurance to qualify.

The big winners In 2019 there is no personal service corporations for 1120 C. Big losers are companies that entertain clients, all these expenses are eliminated. You can buy the customer a hot dog and beer but no Tiger, Red Wing, Piston or Lion tickets will be deductible. The food and beverage at the game if separate can be deducted. Also, you can not write off gift cards given to clients or employees. I'm not sure what abuses there where here, but it just doesn't seem fair. On a good note alimony after 2019 is not taxable to the recipient and not deductible to the payer. Previous arrangements are still deductible and have to be claimed.

This year I traveled to Las Vegas for training with LatinoTaxPro and for pleasure with my clients Jim and Betty Schpens while in Las Vegas. We went to our timeshare in Orlando after tax season and visited Paris, France in the Fall.

In addition to attending the MiSEA and the IMA meetings, Maria, Lynette and I attend monthly meetings, sponsored by Avantax. Visit our website under Financial Services for more on Direct Consulting One

Jim and Betty were my hosts in Las Vegas during my tax conference.

Golfing with my brother Mark, in the Belle Tire girls hockey fundraiser for Maria's granddaughter.

Here we are in Beautiful Paris France enjoying the sights and sounds of the city. We took a river cruise down the Seine river, we visited the beaches of Normandy and some of the old castles. We saw where Joan of Arc perished.

September 10, 2019

**Introducing Avantax Wealth Management<sup>sm</sup>**

We are pleased to announce that on September 16, 2019 we will officially be rebranding to Avantax Wealth Management<sup>sm</sup>, which allows us to unify our two wealth management divisions — HD Vest and 1st Global. This process will occur in two phases with HD Vest rebranding to Avantax on September 16, 2019 and, subject to regulatory approval, 1st Global merging into Avantax later this fall.

This is an exciting time for us. When Blucora acquired 1st Global earlier this year, we became the largest tax-focused wealth manager, with a total of 4,200 advisors who oversee more than \$67 billion in client assets. Now, with the anticipated rollout of the Avantax Wealth Management<sup>sm</sup> brand and the anticipated merging with 1st Global, we have an even better way to highlight our Tax-Smart approach.

First and foremost, we want to assure you that while we are changing our name, we will continue to adhere to the same core values that have allowed us to serve an independent network of tax professionals since 1983.

We also recognize that change is necessary for growth. Over the past year, we have been setting the stage to make the broader case for tax-focused investing. In June 2019, we unveiled a tax-smart investing software program — to help advisors capture tax-alpha for clients — along with a tax-loss harvesting module. We plan to make more modules available by the end of the year. These investments demonstrate our deep commitment to driving the conversation around tax-focused investment. The reason is simple. Taxes are more than a once-a-year event. They are one of life's most complicated and largest expenses, but many wealth advisors don't give taxes the attention they deserve.

We firmly believe that most financial decisions, at their core, are tax decisions. Under the Avantax Wealth Management brand, we are well-positioned to set a new standard and provide heightened value to advisors and their clients. We look forward to serving you and keeping you apprised of all the exciting news still to come.

Enrique M. Vasquez  
President of Wealth Management, Blucora
